

NOTICE TO FOY RESIDENTS:

CHANGES TO THE RECYCLING SYSTEM COMING IN 2026!

Effective January 1, 2026, recycling will become even simpler. No matter where you are in the province – home, on vacation, or just passing through – you'll be able to recycle the same materials. ***Plus, you'll be able to recycle even more materials!***

WHAT THIS MEANS FOR RESIDENTS IN 2026

Additional materials will now be accepted for recycling. This includes glass, black plastic containers, hot and cold beverage cups (coffee cups), frozen juice containers, ice cream tubs, deodorant and toothpaste tubes.

WHAT IS RECYCLABLE?

See the back of flyer for a full list

How Recycling is Sorted

1. **Fibre** bin - will take paper, cardboard, boxboard, paper laminate packaging, paper laminate containers and cartons. **These materials can all be put together.** Boxes to be flattened; no larger than 60cm x 60cm.
2. **Containers** bin – will take plastics, styrofoam, metal and glass containers. **These materials can all be put together.** All containers must be empty and rinsed free from residue.

Thank you for your patience as we transition to these changes.

Questions? – Call the Public Works Department at 613-923-5074

ATTENTION: VILLAGE OF MALLORYTOWN RESIDENTS

We are still waiting to receive more information about curbside recycling in the Village. The pickup schedule will be shared with residents when we receive it.
