Fire Safety Tips! OPEN AIR BURNING

ALWAYS CALL BEFORE YOU BURN

Our 24/7 open air burn hotline allows you to conveniently check the current burn status and indicate to us that you are planning to burn. Always use caution, regardless of the type of open air fire you are having.

MAINTAIN A CLEAR FIRE ZONE

Controlled, open air fires should not be within 15 m (49.5 ft) of any structure.

GARDEN HOSE

Keep 100 feet of garden hose with a spray nozzle, unwound and ready to use. Ensure it easily reaches your burn site.

PREPARE YOUR BURN AREA

Remove all vegetation and other material that could spread the fire.

STARTING YOUR FIRE

NEVER use flammable liquids, such as gasoline, to start your fire.

ALWAYS CONSIDER

Pay attention to wind conditions and potential spark hazards.
